### **Museums In Motion An Introduction**

Museums in Motion is a core text for museum and curatorial studies courses and a valuable resource for anyone in the museum profession. The inclusion of provocative and inspiring reports on contemporary practice provides special value.

### **Museums in Motion: An Introduction to the History and ...**

In 1979, Edward P. Alexander's Museums in Motion was hailed as a much-needed addition to the museum literature. In combining the history of museums since the eighteenth century with a detailed examination of the function of museums and museum workers in modern society, it served as an essential resource for those seeking to enter to the museum profession and for established professionals looking for an expanded understanding of their own discipline.

### **Museums in Motion: An Introduction to the History and ...**

The new Museums in Motion remains the single best book about museums, a terrific introduction for neophytes. I will admit to reading this book with a feeling of trepidation. The first edition, published in 1979, is a classic in the museum studies literature, and by far the best single book about museums ever written.
